GOTHENBURG

THE CAPITAL OF GETTING THINGS DONE

Welcome to Gothenburg - hotspot for innovation, master of collaboration, front-runner in sustainability and perfectly positioned. Our city provides a proven space for startups and scale-ups. Join the vibrant tech scene and collaborate with global players — your journey begins here.

Driving the future of mobility

Gothenburg is one of few regions in the world with a complete vehicle value chain. Here we are driving progress and playing a key role in the transition to electric, connected and sustainable mobility. Progressive brands including Volvo Cars, Volvo Group, Polestar, Einride, Heart Aerospace, Stena Line, Zeekr, Wireless Car, Novo Energy, Lynk & Co and Ecoride are headquartered and/or operate important R&D sites here.

The hard tech hub of Scandinavia

Gothenburg is a key player on the global tech stage, advancing towards impactful deep tech solutions. Our city's tech ecosystem is driving innovation, shaping a future where technology creates positive and lasting change. In recent years, the region's tech scene has seen rapid growth in terms of employment, value creation and number of startups.

Many of the innovative companies are emerging in connection to the region's key sectors, including automotive, life science and ICT, where established clusters are in place and large global companies such as Volvo Group, Volvo Cars, Geely, Ericsson, SKF, AstraZeneca, Getinge, Mölnlycke and Beyond Gravity are potential customers and collaboration partners.

LINDHOLMEN, GOTHENBURG

THE YARD

At Lindholmen, a vibrant innovation, mobility and tech cluster where roughly 30,000 people visit daily, there is great potential for startups and scaleups to grow. About 400 companies, many in tech and mobility, are established here, and there is room for you too!

WHERE SHIPS USED TO BE BUILT TECH COMPANIES ARE TAKING OVER

THE YARD

GOTHENBURG TECH ARENA

At Lindholmen, in the very center of Gothenburg, you'll find The Yard. A unique tech arena and workspace with industrial feeling. Whether you are new in the tech industry, a fast growing scaleup company or a tech business with wind in its sails, this is the perfect spot for you.

We offer coworking with hot and fixed desks, private offices, meeting rooms and the main attraction: our huge workshop hall.

Here, software merges with hardware. A creative community where you can meet, challenge, test and create tomorrow's solutions.
