THE NEIGHBOURHOOD

CONVENDUMs most prestigious coworking space in Stockholm is at Strandvägen 1, with an outstanding view of Nybroviken. A prime location with close to all communications, many of the city's best restaurants and most of the service you need in your business. Public transportation, shopping, dining and entertainment are all close by in the surrounding area. And you can of course enjoy a nice stroll along one of Swedens most famous and beautiful boulevards, Strandvägen.

STRANDVÄGEN 1

Strandvägen is Convendums most historic co-working space as it used to be a music studio where music giants like Swedish House Mafia and Avicii has recorded. There are still evidence in the décor, with the office piano situated in the stunning lounge. Convendum turned it to an office space, where we offer great lounges, a social kitchen area, meeting rooms out of the ordinary and a small cinema to book for your pitches. The unit also has a dedicated desk area, perfect for the smaller companies in need of their own setup.
