

①

This architectural floor plan depicts a building layout with several distinct areas. At the top is a large rectangular room labeled "WORKSHOP", which contains a long horizontal table with three circular legs. To the right of the workshop is a triangular area labeled "RAMP DOWN". Below the workshop, a set of stairs labeled "STEPS DOWN" leads to a lower level. This lower level is divided into a "SHOP" area on the right and a smaller section on the left containing a "WC" (toilet), a "SHOWER", and a "KITCHEN". The kitchen area includes a sink and a stove. A red arrow labeled "ENTRANCE" points to a doorway at the bottom right. Below the main building footprint is a dashed rectangular area labeled "COVERED AREA", which contains a long, narrow table with two circular legs. On the left side of the workshop, there are two red arrow symbols pointing right.
