No two companies are the same, which is why we have different solutions - short-term and long-term. Maybe you need your own office for one week, while next week you can manage it in our open work lounge? We have thought about that. All office solutions come fully furnished with one, two, three or four desks and can be rented weekly or monthly. You can access the work lounge with a day, monthly or weekly pass. Do you need a meeting room for the customer meeting or just some extra air to think through the next masterpiece? Yep, we got it. Welcome to Verkstaden (The Workshop)!
